### ABOUT US

#### OUR BELIEF

We're all co-creators. We're happiest when work feels effortless, and our world-input enriches the environment and people around us. Whether a writer, performer, lawyer, teacher, tech geek, gardener, truck driver, pastor or musician, the best life is lived when we apply what's unique about us towards making the ordinary into something – extraordinary. CME exists to produce compelling content that elicits emotion through music and film production. We aspire to make thought-provoking art that offers anyone listening or watching the opportunity to flex their own imagination!. Come enjoy the sights & sounds that are [CREATIVE MOOD ENTERTAINMENT](#).

#### OUR PURPOSE

Founded by Steve Brown in 2007, Creative Mood Entertainment is a channel that breathes life into ideas resulting in compelling short-form digital cinema, original music and remarkable contemporary art. As a company, CME is driven by our ability to draw artistic inspiration from contemporary social dilemmas, innovative ideas or, through reimagining classic themes as an avenue for avant-garde storytelling. We relay these stories to our followers through state-of-the-art recordings and high quality micro-budget (HQMB) motion pictures made available to the public via world-wide digital audio and visual streaming platforms.

#### OUR PRINCIPLES

We honor free-flowing ideas and the space necessary to write, sketch or compose without boundaries. We demonstrate courage by allowing other creative minds to help reshape our ideas into experiences others will understand and enjoy, yet work to avoid compromises that sacrifice the visionary essence of unconventional concepts. Our goal is to bring to market art that's self-generated, honest and closest to the original inspiration. Most importantly, we believe that art is a gift from a higher power so a greater percentage of all profit generated from our creative process is donated to our nonprofit partner, [AccessGranted](#) Colorado Foundation, a 501c3 organization.

#### OUR TEAM

Steve Brown, Founder/President and Director of Development & Production  
Gabriel Jacobson, VP Digital Entertainment Division  
Simone Threatt, Digital Distribution Coordinator  
Jetsiin Evans, Social Impact & Media Manager
